Regarding the White River Productions insert - Kevin EuDaly is a member of the Arkansas Railroad Club (exchange member) and has written the book Missouri Pacific Diesel Power, which would be of interest to Arkansas Railroad Club members (he has a special rate for us). In return for this insert, he has agreed to insert our steam excursion flyers in all 750 mailings of TheEagle, the newsletter of the Missouri Pacific Historical Society, which he edits. It is noted that you may buy this book from other sources as well.
