HAPPY NEW YEAR

JANUARY 1977

-1-

We are not using the usual format in this month's newsletter. Our new officers for 1977 will be elected at our January meeting and on next month's newsletter we will again have our usual heading and will show our new officers.

Our January meeting will be held on Sunday, January 9th at the Missouri Pacific Office Building, 1000 West 4th Street in North Little Rock starting at 2:00 PM. Our good member, Ken Ziegenbein will present a program on passenger trains. We are looking forward to hearing Ken and trust we will have a good attendance to start the new year.

Just a few words about our Christmas party which was held at the home of your aditor and Wife on the night of December 11th. There were 30 people at the party which included your host and hostess. We thought it was just great that so many came and everyone seemed to have a good time. The highlight of the evening, of course, was the appearance of SANTA CLAUS in the person of none other than our good member E. A. Hills. Mrs. CLAUS was here too. Glodies were passed out to everyone.

It is being proposed to raise our dues to \$7.50 for regular members and \$1.50 for associate members. This is in line with many other rail clubs, civic clubs, fraternal organizations, etc. Printing and postage costs seem to be skyrocketing all the time. Dues agre now due and payable and you can remit to C.R. Syrd at 12 Flintwood Drive, Little Rock, 72207 or bring your dues to our next meeting.

Our club has been fortunate enough to acquire three glass display cases which will be placed in our museum for future display of antiques and artifacts.

We have received information from our friends with the MEMPHIS CHAPTER, NRHS, who publish THE MEMPHIS BUFF, that there will again be a steam excursion out of Memphis sometime around the first of May, 1977. No details as to schedule, destination, consist, etc. are available at this time. Thanks, MEMPHIS BUFF; this scands like a winner and if it materializes you can bet there will be some good old Arkaneas buffs to make the trip.

Congratulations to Hill and Nancy Bailey on the arrival on December 19th of Kimberly Ann Bailey who weighed in at 7 lbs. 22 oz. Bill there are many good cigars on the market, Muriel, Rei Tan, El Trelles to mame a few. How about it Bill?? Only kidding Bill. Have never seen anyone in our club smeking a cigar. There may be some though.

Again calling All Steam Fans. We learn from NEHS NEWS EXTRA, Oak Park, Illinois, or another super duper steam excursion, this time with No. 11119, The Freedom Train Queen. This trip will be operated by Arthak and will be one way between Miami, Florida and Birmingham, Alabama. Trip will leave Miami on Friday, January 11th and arrive Hirmingham on Sunday, January 16th. There will be two overnight stops and train will operate over SCL and LEN; also there will be external intermediate stops enroute. Consist expected to include the following:

Some great railroad books acoud to my library for birthday and Christmas were the fellowing: TRAINS-AN TALUSTRATED HASTORY OF LOCOMOTIVE DEVELOPMENT.

TRAIN WRECAS (Includes photo of SSW and MOPage Also a couple of Rock Islands; RAILHAYS THEN AND NOW

GREAT TRAINS OF THE WORLD

All of these are en lean to anyone in our club who would like to read them.
All of them are excellent, particularly the photos.

Our Membership Chairman, Hill Halley, is working hard to secure some new members for 1977 and we should all pitch in and help him. As they say, there is no way to go but up and we want to see our club grow; so lets everyone try hard to bring in at least one new member during this year. Remember, if a person has no interest in trains but to watch them he or she is a potential member. Just watching them proves they like trains.

W.U. "Dub" Braswell, relay repairmen in the Cotton Helt's Signal Department at Pine Bluff, Ark. was recently elected sheriff of Jefferson County, Arkansas. Braswell will be in charge of law enforcement in the state's second hargest county and will take a two-year leave from his Cotton Belt job in order to complete his term of office. (From Southern Pacific Bulletin) This only goes to prove that railroad men make good law enforcement officers.

If you years to ride some of the neavyweight equipment that ence operated on U.S. railreads, make a trip to Mexico where it is still in abundance. Better hurry though because it may not last much leagur. Included are sleepers with sections, drawing rooms and compartments, heavyweight coaches and dimers. Also understand there is still some steam in operation in that country.

Would like to remind all members that NKHS dues have new gene up to \$7.50 per year.

Thats it for this time. Looking forward to socing ya all on Jamary 9th. Lets start the new year with a bang and constantly keep the railroad image before the public.
